**ADVISOR REPORT**

**Advisor, Amne Harrington ([amne@udel.edu](mailto:amne@udel.edu))**

- Reminder about following Residence Hall policies during big/little season. We have had multiple chapters receive Student Conduct sanctions for welcome decorations. These behaviors put our community in a very bad position with other offices on campus. We will talk more about this issue during open discussion.
- Reminder - initiation deadline for Formal Recruitment new members is April 15th. If your chapter's initiation is past that date and your chapter hasn't reached out to me yet, you need to or your chapter could face Student Conduct charges for not following FSL policy.
- Reminder - the Dyad Sisterhood survey closes tomorrow (Tuesday 3/12) at midnight. Chapters with low completion percentages were emailed and called earlier today. If that applies to your chapter, your members need to look through their emails to find the original email with their specific survey link. Dyad is the only one who can resend the link and it's not a reasonable expectation for them to resend over 1000 links by tomorrow.
  - We will send out more information about signing up for your chapter's meeting with the Dyad Consultants soon. Those dates are April 12-14.
- CAP folders will be shared soon! Thanks for your patience.
- If your chapter has an event you'd like advertised to the whole fraternity/sorority community, please let your President know they can add them to the FSL Google Calendar or email [kgibson@udel.edu](mailto:kgibson@udel.edu) to have them added.
- Please be safe this weekend! There are fun, free events happening on campus for Shamrockfest (see Weekly Opportunities Newsletter sent earlier today to your Chapter President & CAP Chairs) so check those out and share with members:

**OPEN DISCUSSION**

- Big/Little decorating tradition adjustments

- Whoever is decorating MUST contact the new member directly, you all cannot ask to communicate with a roommate or someone on the floor.
- We need to be mindful of people's safety and the liability we put on ourselves and our new members when we ask them to keep their room open or let someone else access their space.
- No contacting RA, roommates, anyone on floor to get into building
  - Ideas/discussion:
    - Adpi: reveal first then decorate, still have surprise factors that you can incorporate
    - Only the new member is allowed to let you into the building (bring another person to help you and have them go to the door first)
